## TAROT READINGS: BOOK OF COMBINATIONS (PAPERBACK)

DOWNLOAD

Jennifer E. Reynolds, United States, 2014. Paperback. Book Condition: New. 244 x 170 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Tarot Readings: Book of Combinations presents a unique perspective in regards to the definitions of tarot. It will have you saying, I never knew you could read tarot like this. You will be able to provide yourself and your clients with practical and useful information relevant to today's world. You might be surprised to learn that you can read on pets, on world news, even ancient archaeologist sites. There literally is nothing that you cannot read on, including persons or events past, present, and future. And here is why. The Science of Quantum physics, specifically quantum entanglement (Bells Theorem) describes how at the most fundamental level all things are connected and that information is communicated faster than light. This theory explains how tarot readings are not only possible but why they can have such a high degree of accuracy in the hands of a properly trained individual. Tarot is much like remote viewing in that they are a tool that allows us to bypass our conscious mind in order to access the greater mind to retrieve the desired information. It is within this greater mind that we all move and have our being. This greater mind has been called many things; the quantum field, the Akaschi records, or cosmic consciousness. Luckily, you don't have to understand this theory in order to access this field and excel as a Tarot reader. Included are 628 all-important two card and three card combination examples to help you learn and a 65 question quiz with answer key. This book is illustrated with the beautiful Robin Wood tarot and is compatible with the Rider Waite deck .
