Its effects ought to be beneficial in maintaining the honor and integrity of a family extending through a long line of progenitors whose memory should be cherished with loyal devotion to endless day, and whose virtues are worthy of emulation. It is commendable to be familiar with one s family history, and eminently proper to put it on record in a convenient form for the benefit of future generations. Such records will be of incalculable value to generations yet unborn, and will be highly prized by them, and upon the authors they will lavish lasting praise for having preserved from oblivion the traditions and history of the deeds and lives of the progenitors and their posterity. These genealogical trees will become heirlooms in the family, and volumes will be sought for and placed in public libraries. In the family, too, they will wield an influence, as the lives of unselfish devotion to God, conscience, and family, of the forefathers are recounted, to keep unsullied the family name. The work has been prepared at a great sacrifice of time and labor. Had all responded promptly to communications, the work would have been far easier, more complete, and less time and expense required.
