National Academies Press. Paperback. Book Condition: new. BRAND NEW, Trends in Science and Technology Relevant to the Biological and Toxin Weapons Convention: Summary of an International Workshop: October 31 to November 3, 2010, Beijing, China, IAP - The Global Network of Science Academies, Chinese Academy of Sciences, International Union of Biochemistry and Molecular Biology, International Union of Microbiological Societies, National Research Council, This report offers a summary of the substantive presentations during an international workshop, Trends in Science and Technology Relevant to the Biological and Toxin Weapons Convention, held October 31 - November 3, 2010 at the Institute of Biophysics of the Chinese Academy of Sciences. It is meant to provide scientists and other technical experts with factual information about the range and variety of topics discussed at the workshop, which may be of interest to national governments and non-governmental organizations as they begin to prepare for the 7th Review Conference of the Biological and Toxin Weapons Convention (BWC) in 2011. The Beijing workshop reflected the continuing engagement by

Reviews

A whole new eBook with a new standpoint. Better than never, though i am quite late in start reading this one. I discovered this publication from my i and dad advised this publication to discover.
