

The Science-History of the Universe, Vol. 7: Anthropology; Medicine (Classic Reprint) (Paperback)

Filesize: 6.07 MB

Reviews

A top quality publication as well as the font utilized was fascinating to read. It is among the most incredible pdf i actually have read through. I am easily could get a pleasure of looking at a created publication.

(Scot Howe)

THE SCIENCE-HISTORY OF THE UNIVERSE, VOL. 7: ANTHROPOLOGY; MEDICINE (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from The Science-History of the Universe, Vol. 7: Anthropology; Medicine No other science deals with a field so ill defined as Anthropology, no other studies so varied and differing material. The scope and the content of the science are alike matters of dispute. By derivation the word of course means a discourse or treatise regarding man. It has been defined as that branch of science which studies man in the same way as geology investigates the earth or as botany investigates plant life. The motto of the Department of Anthropology in the World s Columbian Exposition was Man and his works. It is evident that any science which studies man and his works has a limitless field. Anthropology depends upon the whole range of other sciences. It has a dozen connections with Astronomy; it is closely related with Geology; it assumes an enormous knowledge of Biology; to a great degree it includes Anatomy, Physiology, Psychology; it uses the methods of Mathematics; it is intertwined with History; Linguistics and Philology yield a notable contribution to its store. Is it possible to mark out a definite field for its investigation and to group and classify its materials? More and more its students feel that it has its definite field, its legitimate subdivisions and its special methods of investigation. Roughly we may divide the materials of Anthropology under the four subdivisions of Somatology, Ethnology, Ethnography and Culture History. Under the latter we must rank Prehistoric Archeology, perhaps the most popular subdivision of the field. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical...
